My objective is to secure a challenging position as a Aspiring Fullstack developer where I can utilize my skills and experience to contribute effectively towards the success of the organization. I am passionate about coding and have a strong understanding of various programming languages and frameworks. I have a proven track record of delivering high-quality projects on time and within budget. I am a quick learner and adaptable to new technologies.

Experience

OASIS INFOBYTE, Web Developer and Designing Intern | Remote

Jan 2023 - Feb 2023

- Produced HTML, CSS, and ASP for responsive **web designs** in compliance with company standards and protocols
- analyzed requirements to determine the best approach for **developing** new features or **improving** existing functionality. .
- Participated in **designing application** architecture for large-scale data processing systems, focusing on high availability and reliability.

INSTAILY ACADEMY, General Coding Skills Enhancement | Kolkata

March 2023 - JULY 2023

- Acquired comprehensive skills in various key technologies for both **front-end and back-end** development.
- Mastered Python for **server-side** development, enhancing capabilities in architecting robust back-end solutions..
- Explored the intricacies of REST APIs, gaining the knowledge and practical experience for seamless integration and communication within **web applications**..
- Applied theoretical concepts through practical exercises, **projects, and real-world scenarios**, enhancing problem-solving skills and fostering a hands-on approach to development..

SmartInternz, Salesforce Developer Virtual Intern | Remote

DEC 2023 - Present

- Begin with foundational Salesforce knowledge encompassing data model and organizational setup.
- Tackle user management, security, customization, and **process automation**..
- I developed a structured Salesforce environment for efficient data management and automation. Enhance development skills to create customized and **integrated Salesforce applications**
- Utilize Salesforce Trailhead for comprehensive learning resources

Education

B.TECH IN INFORMATION TECHNOLOGY, JIS College of Engineering | Kolkata, India

2018-22

HIGHER SECONDARY, M.M.T.M college | Bihar, India

2016-18

Achievements: JISCE Integrated Hackathon by JIS COLLEGE OF ENGINEERING .

Courses: HTML, CSS, JavaScript - Certification Course for Beginners-UDEMY | Python 101 For Data Science- IBM | Problem-Solving Through Programming in C -NPTEL | Developer job simulations | Networking Essentials | Perception | SDLC | Machine learning using python

Skills

Programming	HTML, CSS, C, JavaScript, Python,
Database and Others	MYSQL
Frameworks	Bootstrap and React js
Version Control Tools and IDE	Github, Visual Studio code, PyCharm
Course work	Object-Oriented Programming System, Data Structures and Algorithms
Soft Skills	Collaboration, Communication, Planning, Teamwork, Time Management, Leadership

Projects

STUDENT ATTENDANCE MANAGEMENT SYSTEM THROUGH FACE RECOGNITION

- Decreased program expenditures by **90 through implementing** an electronic document management system.
- Improved and speeded up the company billing system by 50showing the **management the cost-benefit** ratio through data analysis
- Increased donor event attendance by **45 percent**email and social media marketing campaigns

WEATHER-FORECAST-APPLICATION

Distributed Differentially Control Synthesis for Multi-Agent Systems with Metric Temporal Logic Specifications

- I designed and developed a dynamic Weather Forecast Application using HTML, CSS, and JavaScript, demonstrating **proficiency in front-end**.
- Real-time weather updates and **user-friendly interface**, showcasing my ability to create functional and visually appealing web applications.
- Crafted an interactive and **intuitive user interface that allows** users to input locations and receive accurate real-time weather updates, enhancing
